Dear Mr. Stewart:

On behalf of the College of Arts & Letters and its faculty and students, I'd like to thank the MSU Alumni Club of Mid-Michigan for its recent gift of \$1,300. At their request, we have directed \$500 to the Kresge Art Museum and \$800 to the Friends of Summer Circle.

In 2005, Michigan State University will celebrate the 150th anniversary of its founding. As our college prepares to observe the sesquicentennial, we are prompted to thoughts of reflection and renewal, of continuity and innovation. Please know that your support will help preserve the best of our traditions and create new opportunities for academic excellence in the future. Your continuing belief in the importance of the humanities and the performing and visual arts enables Michigan State to provide programs of outstanding quality in these fields and to have an impact that extends well beyond the East Lansing campus.
