The SPOM Award is granted to students who are raising children while pursuing their academic degrees at MSU. The award recipients are selected by their peers. They are required to be active participants in the SPOM organization, be low income, maintain a 2.5 GPA and be involved in some type of community service work or have a letter of reference for outstanding academic involvement or employment.

The scholarship award you funded will help the individuals who may be struggling to pay bills for child care, food, gas, medical care and other family expenses. Your generous donation will allow the SPOM organization to fund more students and provide more opportunities for support.

The group is very excited. We are pleased that you were able to select SPOM when you had so many worthy organizations to chose from. We appreciate the difficulty of your decision.

I am happy to come to one of your meetings to give your members an overview of SPOM and share the other services and programs of the MSU Family Resource Center.

Thank you again, we appreciate your generosity.

Lori
